

STRANGE HAPPENING:

GOOGLE IMAGE SEARCH FOR JAMES LAWRENCE JAN. 1-7, 2021.

I regularly check search results for my name. If someone wants immediate results they need to Google/Search "James Lawrence Westport" and this will always yield anything related to my arrest and media circus/persecution. I have since moved out of Westport, selling the home I was in. My family themselves have sold their home in Westport as well. I daily Google "James Lawrence" to see what appears and where in the search result it appears. Since there are many James Lawrences the Hearst Articles are located within 35 pages of search results. Within the first year of reporting the search result would be somewhere within the first 5 pages of search results. After a year the articles appear on pages 10-25 of Google Search Results.

Now on December 15, 2020, I did an image search of my name James Lawrence. I do image searches because they will show if the article is showing up in the general search of James Lawrence and if someone is trying to profile me this would be the easiest way to find me. Surprised, nothing was appearing from Dec. 15, 2020 – Dec. 31, 2020. This seems to be in tune with Google practices. The following Forbes article reports on Google practice to make more than 1 year old image search more difficult.

<https://www.forbes.com/sites/johanmoreno/2019/09/26/google-makes-it-more-difficult-to-find-old-images/?sh=e87576661f4a>

Quote from article:

"According to a Reddit thread on /r/google, the search engine has quietly removed a button that allowed users of Google Image Search to quickly find results within a custom time frame. Now, the date filter on Google's Image search only has buttons that allow users to find images from the past year and newer on the fly."

So, I was quite happy because though Hearst's libel was out there under more detailed searches like "James Lawrence Westport", it could not be ascertained via the general "James Lawrence" search. I don't live in Westport anymore so I could share my name again not being immediately profiled by prospective employers or housing establishments or gyms, etc The profiling though still very doable would have to entail more detailed searches now.

WELL after emails to friends and family sharing the good news, that changed.

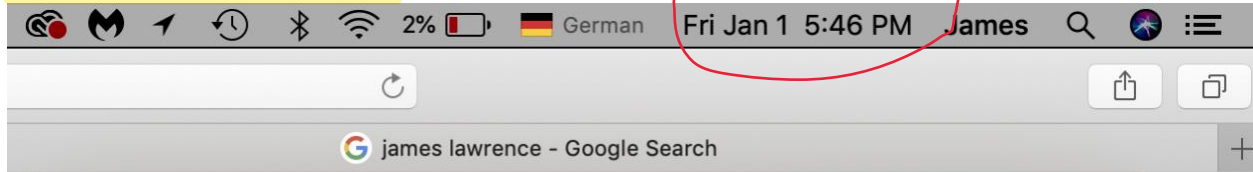

The following **Jan. 1-7, 2021** image search for James Lawrence shows a very very very strange result. This strange result is normally only found with new/recent news and newly posted information. As you will see, it appears Google resubmitted Hearst's articles to the main James Lawrence search results BUT NOW IN JANUARY 2021 WITH THE TAG "1 DAY AGO"!!!

WHAT THE HELL IS GOING ON???

THIS HAPPENS WITH NEWLY PUBLISHED NEWS NOT 2-3 YEAR OLD NEWS.

I LIKE DETAIL SO I TEST THIS WITH OTHER TYPES OF SEARCH.

FOR EXAMPLE – GOOGLE IMAGE SEARCH “BOB” AND SEE WHICH IMAGES HAVE THIS “1 DAY AGO” TAG AND YOU WILL SEE THEY ARE NEWLY PUBLISHED MATERIAL THAT ARE VERITABLY 1 DAY AGO.

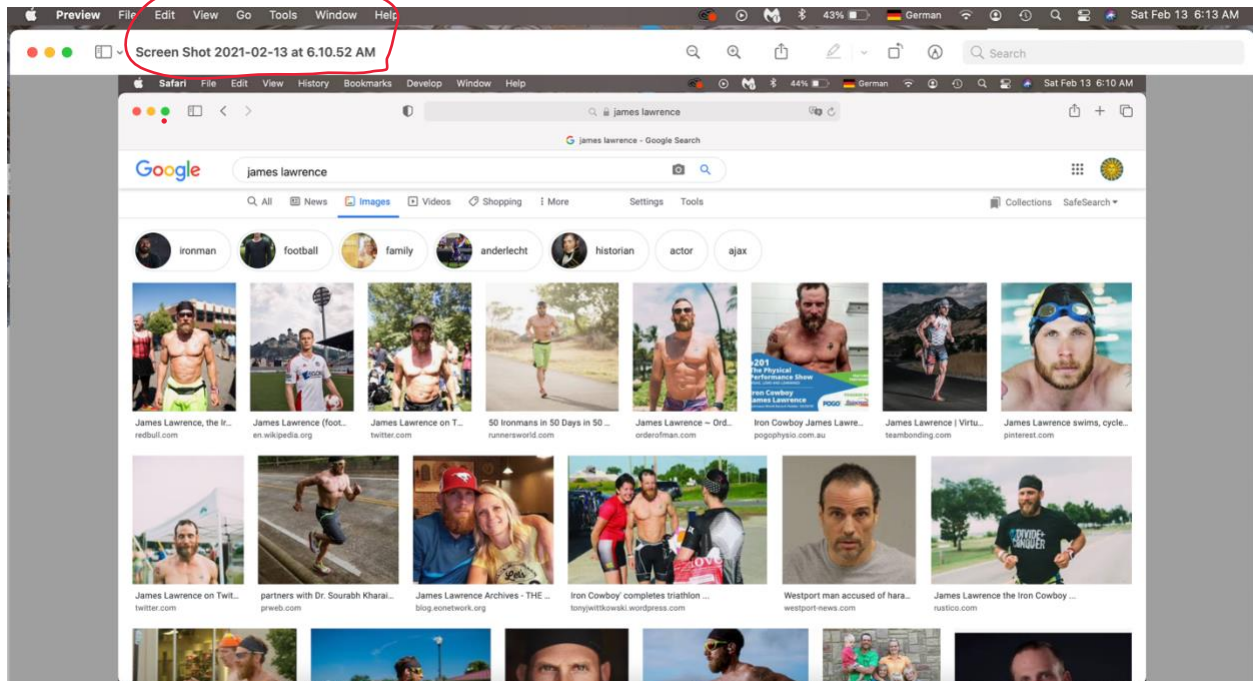

THERE ARE FAR TOO MANY STRANGE HAPPENINGS AROUND THIS ARREST:

- AN ARREST FROM A CALL BY POLICE 5 MONTHS AFTER THE ALLEGED INCIDENT.
- AN ARREST DEVOID OF SWORN WRITTEN STATEMENT/WITNESS.
- NO DISCOVERY SUBMITTED. NOTHING. NO CAMS OF MARKET.
- MEDIA GETTING THEIR HANDS ON AN ARREST WARRANT AND NARRATIVE TO WHICH IS RARE ESPECIALLY A LOW-LEVEL CHARGE OR SOMEONE NEVER REPORTED ON LIKE MYSELF.
- ONLY ONE WOMAN – WENDY HIGGINS CHAMBERS – REPORTED ON AS A “WOMAN”.
- PERSISTENCE BY CERTAIN MEDIA – HEARST- TO WANT TO USE THIS NARRATIVE AGAINST ME.
- HEARST’S BIG AND ONLY WITNESS TO DATE – WENDY HIGGINS CHAMBERS – AFRAID TO BE SEEN OR HEARD FROM.
- AND NOW THIS GOOGLE SEARCH RESULT ODDITY?

AM I BEING TARGETED?

I DESERVE THE OPPORTUNITY TO PRESENT ALL THE ISSUES AND CHARACTERS BEFORE THE COURT IN FRONT OF A JURY OF MY PEERS TO SORT OUT HOW THIS HAPPENED!!!!
